Sustainable · Innovative · Reliable

Your professional edge banding consultant.

CT Edge Band, a leading supply company in China, we offer high-quality **Edge Banding** products. And we are reaching out to offer a wide range of edge banding options, including PVC, MABS, ABS, Acrylic, and PP Edge banding, all products are reliable and durable.

Why choose us ?

- **Exceptional Production Capacity and Efficiency:** With 3 strategically located factories spanning 88,000 square meters, a dedicated workforce of over 1,000 skilled workers, and a robust production process, we consistently deliver top-quality products. Our impressive monthly output of over 200 containers underscores our ability to meet large-scale demands with reliability and precision.
- **In-Stock Products & Quick Response:** We maintain a large stock of edge banding products, allowing for quick order fulfillment and a rapid response to your needs.
- **Proven Quality:** With a strict QA and QC process, we guarantee stable, high-quality edge banding for every batch.
- **Trusted Partner:** We are a reputable supplier with years of experience and a solid track record of successful partnerships in the industry.
- **Dedicated Service:** We offer personalized, one-to-one support throughout the entire process, ensuring a seamless experience from order to delivery.

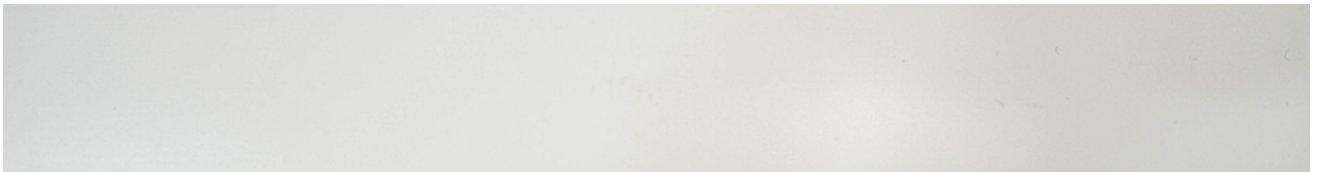

The image features several curved, light-colored wooden strips, possibly veneers or thin wood slices, arranged in a series of overlapping, sweeping curves against a solid black background. The wood grain is clearly visible, showing a fine, linear pattern. The lighting highlights the smooth texture and the natural color variations of the wood.
